Surface Water Management Plans

**Joint meeting of the British Hydrological Society
South West Section
and
CIWEM South West Branch**

22nd February 2012 @ 17.00hrs

**University of Bristol, Civil Engineering
Room 1.15 Queen's Building
University Walk, Clifton, Bristol, BS8 1TR**

Following the release of Surface Water Management Plan (SWMP) Guidance, Defra Early Action Funding and more recently the requirements of the Flood and Water Management Act, the development of SWMPs has been progressing. SWMPs provide a staged approach in the assessment of the surface water flood risk to enable appropriate management and mitigation to be implemented over a range of spatial and temporal scales. This meeting is an opportunity for hydrologists, flood risk managers, spatial planners and Lead Local Flood Authorities to hear from experts in their field about SWMPs, the approaches taken due to differing priorities and their continued development.

Surface Water Management Plans

PROGRAMME

| | |
|--|-------|
| Registration and coffee | 17:00 |
| Meeting Introduction | 17:30 |
| Patrick Goodey, Assistant Flood Risk Engineer & Paul Davies, Associate Bristol City Council & Arup | 17:35 |

Bristol City Surface Water Management Plan – Development and Application

| | |
|---|-------|
| Geoff Winslow, Team Leader - Minerals and Waste Policy Wiltshire Council | 18:00 |
|---|-------|

Wiltshire Surface Water Management Plan –Spatial Planning Perspective

| | |
|--|-------|
| Tom Edwards, Senior Hydraulic Modeller, URS | 18:25 |
|--|-------|

Drain London – Tier 2 Modelling

| | |
|--------------------------|-------|
| Questions and Discussion | 18:50 |
| Meeting Closure | 19:15 |

The meeting is free of charge, but places are limited to 100. There is no need for registration. For further information please contact Miguel Rico-Ramirez (M.A.Rico-Ramirez@bristol.ac.uk) or Dr Rob Sweet (rob.sweet@urs.com)
